

PHOTOGRAPHY FOR REAL ESTATE

Given the effectiveness of professional photography in marketing homes it should be given high priority in home market budgets.

1. Photography is the central component of home marketing.
2. It increases the effectiveness of web marketing.
3. It increases the effectiveness of print media.
4. It makes the agent look good because it reduces market time and increases net sales price.
5. It will help you compete for more listing.

High quality interior and exterior professional photography including tax is \$150.00

This standard shoot is for homes up to 2000.00 square feet.

It includes up to 20 finished images ready in 24 hours to be uploaded to MLS, Zillow or to be printed in your flyers and postcards.
