About CamFoto:

CamFoto is a professional photography studio specializing in family and children's photography.

We take the same pride and care in doing our school photos as in our private studio sittings; therefore, resulting in beautiful portraits that parents cherish for years to come.

Being photographed by an experienced children's photographer, instead of a hired employee of a typical large franchise is what sets us apart.

We pride ourselves in making the picture day a happy and fun event for the children, and an easy and stress free day for the school staff.

CamFoto contributes to school funds and gives commissions to help with school projects.

Please call or email us if you have any questions, we are eager to set up a photoday that would meet your needs.

Ray Raisedana, Photographer
